Site Development

- Commercial
- Industrial
- Residential

A FIRST CLASS OPERATION

Serving Delaware, Maryland's Eastern Shore, Southern New Jersey and Southeastern Pennsylvania, Pearce & Moretto stands out within the civil construction industry in many ways.

Our seasoned workforce operates within a diversified market to ensure that premium results are backed with unparalleled job cost accountability and jobsite safety. Smart clients know to look for civil/site construction firms known for safety, reliability and superb job performance as opposed to simply the lowest bid. Pearce & Moretto delivers exactly that.

COMPREHENSIVE SERVICES

- Excavation & Grading
- Underground Utility Construction
- Structural Concrete
- Concrete & Asphalt Paving
- 24 -Hour Emergency Services
- Roll-off & Container Services

DEDICATED TEAM

Quality workmanship stems from a unified group of employees who share the values and commitment necessary to deliver top tier performances while providing mutually beneficial customer solutions.

TECHNOLOGICALLY ADVANCED

Efficiency and professionalism are important both in and out of the office; technology continues to improve our business. Field productivity has increased in recent years following the implementation of Global Positioning System (GPS) on earth moving equipment. In addition, we consistently utilize computerized estimating, job costing, scheduling and accounting software systems to keep operations flowing behind the scenes.

LINES OF COMMUNICATION

Pearce & Moretto not only promises knowledgeable field foremen and managers, but also direct involvement and contact with the company owners. Communication lines are always open, even to the highest level of management.

We consistently review job costs throughout each project, ensuring superior accountability and reliability. Having maintained our core customer base since the doors of Pearce & Moretto opened in 2000, we know the importance of strong client relationships.

RECOGNITION

 We pride ourselves on hard work and dedication, so it's an honor when we are recognized for our outstanding performance. Our company has received the ABC Excellence in Construction Award, an ABC Gold Level STEP Award and the DCA/DE Dept. of Labor Governor's Safety Award.
